Hello Stephane, Anique, and Larry,

Hope you are doing well and enjoying the early part of Summer in Nova Scotia! With the heat and humidity down here in Louisiana, both Cody & I wish we were up there!

Reaching out to check in and provide some updates on what we've been working on over the last few months and since we last saw you at CMA. Can't believe it's almost been a whole year!

Most recently, we have begun the process of moving into our brand new Visitor's Center! As you may recall, the previous was destroyed by Hurricane Ida in 2021. This new building has been a long time coming and will feature many exciting exhibits (Both in English & French), a 3D map of our region with interactive elements, and a couple of alligator mounts (as you would expect). The official ribbon cutting and grand opening will be taking place sometime in the next two months once the final touches are made.

We also have the Grand Reveil Acadien taking place here in October. There are multiple events going on across the state including in Lafourche Parish. Wanted to see if your team planned to come down again for this, or if you had any additional trips planned?

As always, we love working with our friends in Nova Scotia. Any way we can collaborate in the future or work together, please let us know.

Wishing you all the best and looking forward to hearing from you!

**Ian Wallis | Sales & Marketing Manager**
